"Internationally experienced Front-End Engineer with 3 years of experience and a strong background in User Experience and Rich Internet Applications. Proven success developing Ajax-powered web applications."

Professional Experience

Front-End Engineer – July 2011 up to now

Thales Information Systems (Barcelona)

Front-End technical lead and development of a **large-scale modular and scalable jQuery based Webapp for online banking**, with REST calls over a Backbone portal.

- ◆ Conceptualized and Developed a nested namespace, scalable and modular architecture.
- ◆ Developed Ajax, Storing, Module and Error Handling extensions.
- ◆ Developed part of the Mobile app with jQuery Mobile and PhoneGap libraries.
- ◆ Developed 7 different Modules of the web app.
- ◆ Supervised client-side code quality and performance optimization.

Front-End Engineer – February 2010 up to July 2011

Privalia Venta Directa S.L. (Barcelona)

Worked as part of a 6 member Front-End team responsible of launching a new **Ajax-powered Object Oriented Prototype based multi-language platform**.

- ◆ Launched mex.privalia.com with CSS, HTML and Smarty templates.
- ◆ Launched new it.privalia.com, es.privalia.com, mex.privalia.com and br.privalia.com with new Prototype based framework.
- ◆ Developed Web Analytics and Social Sharing Module.
- ◆ Worked hand-to-hand with User Experience team to improve the conversion of the website (A/B testing, multiple re-designs).
- ◆ Followed Agile (Scrum) methodology and workload tracking with Pivotal Tracking and Jira.

Front-End Engineer – January 2009 up to January 2010

Alfa9 Servicios Web S.L. (Barcelona)

As the Front-End developer of the firm, I **coded with CSS and HTML more than 10 small and medium size Websites**.

- ◆ Coded www.jorda-sa.es, www.canxic.cat, www.radioglayspalmera.com, www.aramon.es, obrasocial.caixacatalunya.es.
 - ◆ Designed and Coded elear.alfa9.com.
- Experience, as extern consultant, in **GSI Commerce** (now part of eBay):
- ◆ Launched with CSS and a proprietary template system www.peakperformance.com
 - ◆ Supervised IE6 compatibility browser testing for www.peakperformance.com.
 - ◆ Developed part of Helly Hansen and Blackberry Accessories Online shops.
